

Save Significantly on Your Worker's Compensation Premium

Did you know that many alternative discounts are available to help reduce your annual Ohio workers' compensation costs? Through the Sedgwick workers' compensation program, your organization can significantly reduce your workers' compensation costs through a variety of alternative rating programs. Sedgwick offers you quality service and stability through the complex workers' compensation environment.

For over 50 years, Sedgwick has been helping employers navigate Ohio's workers' compensation system, providing services to help them control claim-related costs and reduce premiums. Their team includes the experienced colleagues from CompManagement and CareWorks Comp. The two companies merged and are now Sedgwick. Together, they serve nearly 65,000 Ohio employers including organizations of all sizes operating in various industries across the state. Group rating programs administered by Sedgwick have produced over \$4 billion in savings since group rating was introduced in 1991, and their group retrospective programs have returned over \$630 million in premium refunds since the program began in 2009.
